Professional Affairs and Neuropsychology Practice Management: Coding and Billing in a Period of Change

Objectives:

1. Understand current practices and changes in coding of services and rationale for change
2. Gain increased knowledge in professional affairs issues currently impacting professional practice in neuropsychology and related advocacy efforts.
3. Encourage open discussion in addressing professional affairs concerns among MNS members.

Biography:

Joel Rosenbaum, PhD is a current member at large of the MNS Board of Directors and actively involved in Professional Affairs issues impacting our membership and the practice of Neuropsychology. He has a private practice based in Quincy, Massachusetts and holds academic appointments at Boston University School of Medicine and Tufts University School of Medicine (Psychiatry). He earned his Ph.D. under the mentorship of Gerald C. Davison, Ph.D., at University of Southern California in Clinical Psychology with specialization in Behavioral Treatment Methodologies. Clinical internship toward the Ph.D. with specialization in Neuropsychology was with Wilfred Van Gorp, Ph.D. at West Los Angeles Veterans Administration Medical Center. Subsequent post doctoral fellowships were completed in the Neurology Department at Boston University School of Medicine (Teaching Fellow) and at New England Rehabilitation Hospital (Clinical Fellow in Neuropsychology). He provides neuropsychological services across the lifespan emphasizing a lifespan-developmental approach.

Spaulding Rehabilitation Hospital, 125 Nashua Street, 8th Floor Conference Room
